

Cross-Curriculum Approval

This form must be completed and submitted to the Curriculum Committee whenever a proposed course or curriculum change potentially impacts more than one department or school.

Examples of such changes include:

- Any revision to a course that is equivalent to another course
- Any revision to a course that is utilized as a prerequisite, requirement, or elective within another program (e.g., a major, minor, certificate, graduate program, or the general education program.)
- The proposed use of a course from another department/school to fulfill prerequisites, requirements, or electives for a program within your department/school.
- Plans to discontinue use of a course from another department/school within one or more of your academic programs.

Approval Process

1. Please indicate the initiating department and name of contact person.

Department: _____ Name: _____

2. Please indicate the department(s) impacted by your proposed courses or curriculum change:

3. Briefly describe your intended course/curriculum changes and how they may impact the other department(s)/school(s) listed above (e.g., "Equivalent course will need to be revised," or "Adding the proposed course to our programs may increase enrollment in the other department's classes," or "Deactivating this course will remove three course sections annually from the WK Applied Sciences category").

4. Discuss your intended course or curricular change with chairs of the departments whose course or program offerings may be affected.

5. Please list below complete information for each class involved in your proposal with cross-curricular implications.
